

CODY ALTMAN

Marketing, Communications & Workforce Development Professional

Lucasville, Ohio • cody.altman.2021@gmail.com • (740) 977-7265

Professional Summary

Marketing, communications, and workforce development professional with experience turning complex workforce, business, and community programs into clear public-facing messaging. Skilled in content writing and editing, stakeholder messaging, website design/updates, social media content, newsletters, promotional video, training materials, and event communications. Brings a practical Southern Ohio perspective, strong local workforce relationships, and hands-on experience helping job seekers, small businesses, employers, and partners navigate resources. Comfortable using AI, Canva, video/audio tools, and web platforms to build accessible communications that connect people to opportunity.

Core Qualifications

- Marketing & communications: writing, editing, stakeholder messaging, content calendars, campaign coordination, PR/admin support, and brand consistency
- Website & digital coordination: website updates, page/content audits, Wix, basic HTML/JavaScript, analytics-informed layout, and social media execution
- Storytelling & impact: client/employer success stories, quote and outcome collection, newsletters, presentations, and data-to-narrative translation
- Workforce & community: career guidance, employer outreach, partner coordination, training facilitation, event planning, and resource navigation
- AI & creative production: practical AI tool use, localized AI testing, AI script writing and voiceovers, Canva, Photoshop, audio/video recording, and editing

Professional Experience

BUSINESS DEVELOPMENT SPECIALIST Oct 2025 - Current

Community Action Committee of Pike County | Piketon, Ohio

- Develop and organize outreach content for the Workforce and Business Development Program (W&B Program), including flyers, social media posts, newsletters, webpage updates, training materials, promotional videos, and event communications.
- Translate business development, program enrollment, training, financing/resource information, and client support processes into clear, accessible language for small businesses, entrepreneurs, partners, and community audiences.
- Plan and deliver business-focused trainings on Canva, marketing, social media, website basics, and digital tools, helping nontechnical users improve visibility, outreach, and confidence with modern platforms.
- Coordinate workshops, business events, and networking opportunities by managing timelines, materials, participant communications, handouts, and partner coordination.
- Build and maintain relationships with local partners, banks, employers, and community organizations to strengthen referrals and increase program visibility.
- Assess client needs, gather documentation, maintain files, track service notes and outcomes, and connect clients with internal and external resources.
- Support entrepreneurs and small businesses with business planning, marketing strategy, technical assistance, and preparation for growth-related resources.

OMJ CAREER CENTER SPECIALIST Dec 2022 - Oct 2025

Community Action Committee of Pike County | Piketon, Ohio

- Served as a public-facing contact for workforce clients, assessing needs and connecting individuals with employment, resume, unemployment, training, and partner resources.
- Created job flyers, resume support materials, social media content, website content, step-by-step video guides, and promotional media for workforce programs and events.
- Planned and coordinated community and networking events, including an annual career fair, aligning employers, partners, job seekers, and program staff around workforce opportunities.
- Developed and delivered training curricula for staff, partners, and community members, translating complex workforce and unemployment processes into clear, actionable steps.
- Managed client intake, screening, file updates, case notes, county/state system documentation, department communications, and referral tracking.

WEBSITE DEVELOPER Sep 2021 - Jun 2024

Code by Designs (Self-Employed) | Thurman, Ohio

- Designed and developed Wix websites for clients, including content structure, page layouts, interactive widgets, graphics, logo support, analytics review, and ownership transfer.
- Managed client communications from discovery to project completion, creating project plans, contracts, revisions, support options, and user-friendly explanations of technical choices.
- Used website analytics and client feedback to refine page layouts, content flow, calls-to-action, and user engagement.

STORE ASSOCIATE Jan 2018 - Mar 2021

Kroger | Waverly, Ohio

- Provided front-line customer service, handled daily operations, monitored fuel pumps for safe operation, maintained inventory, and supported compliance with safety and environmental procedures.

Education

Study of Business Management Shawnee State University - Portsmouth, Ohio | Mar 2017 - Mar 2021

High School Diploma Minford High School
